KIDWELL'S COMPOUND FLUID EXTRACT OF BEECH DROP OR CANCER ROOT:

For the rapid cure of Cancer, Uicerate 1 Sore Throat, and all Diseases arising from an Impure state of Prepared by J. L. KIDWELL, Druggist, George-

History of the Beech Drop, or Cancer Root. THE BEECH DROP, OR CANCER ROOT, is figured and described by the celebrated Dr. Barton, in his Medi-

A kno vie ige of its extraordinary medical virtues was first learned from the North American Indians, by whom it was used for the treatment and cure of ancer, Rheumatism, Scrofula, and Consumption. The Fluid Extract of Orobanche is composed entirely of the products of the vegetable kingdom, so ombined as to possess in the greatest perfection the virtues and powers of an alterative and purifier of the blood. It is, therefore, applicable as a neverfailing remedy in Scrofula, whether suppurative or glandular, Chronic Rheumatism, Cancerous diseas n say form, especially cancerous diseases of the Uterus. In all complicated cases of Scrofula and Syphilis, and in cases where the syphilitic virus of the parent causes a development of Syphilis or Scrofals in the child, this is the only remedy upon which a hope of recovery can be reasonably founded. It is useful in all scaly skin diseases, Ulcerated Sore Throat, White Swelling, diseases of the bone, and all cases of an ulcerous character. It is also particularly useful in Chronic and Nervous Cemplaints, occurring in debilitated and cachetic constitution, in Bronchitis, Dyspepsia, Chronic Enlargement of the Liver and Spleen, Dropsy, diseases of the Kidneys and Blander, and all diseases arising from

en impure state of the blood. The estimate that is accorded this preparation by the m-dical profession, and indeed by all competent to judge of its merits, may be seen in the fact, that it is constantly prescribed by many of our most eminent physicians, and that it has been presented to their students as worthy of their especial attention. The following certificate is given from the very best authority-John R. Jones, late Assistant Clerk to the House of Representatives. His recovery is squsidered extraordinary. Most of the members of both Houses of Congress visited him at the St. Charles Hotel, and expressed their astonishment at the wonders effected by the Compound Fluid Extract

WASHINGTON, D. C., April 29, 1853. For the benefit of the public, and with none other than a desire to do good, I cheerfully state, that I was afflicted with a cough and bronchial affection, from July, 1852, to March, 1853, and during that time was aimost constantly confined to my room, laboring under great debility and severe cough. I had medical skill of the highest order, through whose treatment, and under the guidance of a higher than mortal power, my life was prolonged till March, 1853, when I commenced the use of Dr. Kidwell's Beech Drop, or Extract of Cancer noot. Since that period I have taken about six bottles of the medicine, and it gives me pleasure to state that it has effected an entire cure, with the exception of weakness, occasioned by long confinement to my room. I would advise all persons similarly afflicted to try it. I consider it an invaluable medicine. The humbugs usually palmed upon the public in the shape of certificates favorable to the virtues o medicines, almost deter me from giving mine; but a sense of justice and humanity alone prompt me to make the above statement.

JOHN R. JONES. Late Ass't Clerk Ho. of Reps., Washington. Now Chief of the Land Office, Vicennes, Ind,

CHRONIC RHEUMATISM CURED! GEORGETOWN, Jan. 31, 1853. DEAR SIR: It is with a sense of gratitude, and a desire that others suffering from disease may be induced to use the Extract of Beech Drop, that I consent to give the following statement for publicity. Until the last month I was a sufferer from Chronic Kheumatism, from the effects of which my health war so completely undermined and broken up, that l lost 20 or 30 pounds of my usual weight. Anxious to find some relief, I resorted to the most approved patent medicines. I used a number of bottles of lownsend's Sarsaparilla, and exhausted the list of Liniments, without any effect. My joints now be-came enlarged, and the pains in my limbs so excru-ciating, that they had to be rubbed two or three times a night. The muscles of my legs were so contracted that I presented the appearance of a man of sixty-five when I walked. In this condition, more through curiosity than a belief in its good effects, I commenced the use of your Beach Drop, and in ten or twelve days the swelling about my joints had subsided; and now, after the use of three bottles. I am same ease and comfort that I formerly did.

Yours truly, &c., ISAAC BARRETT, Second street, Georgetown. GEORGETOWN, February 1, 1854. Mr. Kinwell-Siz: A female member of my family

aged 14 years, had been affected with a painful scroulous affection of the ear for 4 years, and although the best medical advice was had here and in Baltimore, still the disease increased and the pain often became almost intolerable. Fortunately for us, your Beech Drop was recommended to be used, and I have great pleasure in stating that it has been eminently successful. The Mucous Secretions has not made its appearance for some mouths; the health of the patient has been quite restored; all the parts that were heretefore so much diseased have become sound and well, and I am much gratified in being able to state to you, that I regard it as having been accomplished entirely by the use of your Beech Drop. I am very respectfully, your obedient servant, GEORGE POE, Sr.

WASHINGTON, D. C., December 12, 1853. John L. Kidwell: Dear Sir-This is to certify that my daughter, aged 2 years, was affected with Scrofof a very aggravated form—the disease had so undermined her health, that life was entirely de spared of. Hearing of the efficacious effects of your Besch Drop in such cases, I procured it, and after using one bottle so evident was her improvement that we persevered with it. When she had used 4

F. BOYDEN, Esq., of the Exchange Hotel, Richmond, known everywhere, says he has seen the Medicine called Carter's Spanish Mixture, administered in over a hundred cases, in nearly all the diseases for which it is recommended, with the most astonishingly good results. He says it is the most extraordinary medicine he has ever seen.

AGUE AND FEVER-GREAT CURE.-I hereby sertify that for three years I had Ague and Fever of cians, took large quantities of Quinine, Mercury, and I believe all the Tonics advertised, but all without permanent relief. At last I tried Carter's Spanish Mixture, two bottles of which effectually cured me, and I am happy to say I have had neither Chills or Fevers since. I consider it the best Tonic in the world, and the only medicine that ever reached my JOHN LONGDEN.

Mr. Luck says he has never known it to fail when taken accord-

Dr. MINGE, a practising Physician, and fermerly of the City Hotel, in the city of Richmond, says he has witnessed in a number of instances the effects of Carter's Spanish Mixture, which were most truly surprising. He says in a case of Consumption, dependent on the Liver, the good effects were wonderful indeed. SAMUEL M. DRINKER, of the firm of Drinker & nd, was cured of Liver Comp years standing, by the use of two bottles of Carter's Spanish Mixture.

GREAT CURE OF SCROFULA .- The Editors of the Richmond Republican had a servant employed in their press room, cured of violent Scrofula, combined with Rheumatism, which entirely disabled him from work. Two bottles of Carter's Spanish Mixture made a perfect cure of him, and the Editors, in a public notice, say they "cheerfully recommend it to all who are afflicted with any disease of the blood." STILL ANOTHER CURE OF SCROFULA .- I had a very valuable boy cured of Scrofula by Carter's Spanish Mixture. I consider it truly a valuable medicine. JAMES M. TAYLOR, Conductor on the R. F. & P. R. R. Messrs. Mortimer and Mowbray:—Gents—You may think it strange that I have taken the liberty o write you this letter, but I do so under circum stances that justify it. As you are the Agents for HAMPTON'S VEGETABLE TINOTURE, I deem if xpedient to address you this note, boping it may e a part of the honorable means of giving this medcine notoriety which its merits deserve. Being in the habit of vending medicines which re ate to the patent and regular system, I consider myself, to some extent, a judge of the real merit of nany of them. My experience teaches me that Hampton's Tincture" is a Medicine of real merit of ntrinsic value. When I say this, I do not say that

it is an infallible cure in all cases, but I mean to say that Hampton's Tincture will favorably operate in ill diseases originating from a want of proper secretions of the gastric juices, bad digestion, and couse juently bad deposits of animal matter from that source. I believe that many diseases located in va rious parts of the system, such as Inflamation, Ul cers, Scrofula, ec., originally have their being in the stomach, from bad food, bad digestion, and consequently bad depositions of the circulation to those parts; and I will believe Hampton's Vegetable Tine ure will even react in those cases. Having found out myself what it is, I recommend

t to others in such cases as I have described, and I have done it upon the "no cure no pay" system, and have yet to have the first bottle returned, or the first objection about the pay. It is a great pity, it cannot be more extensively circulated among the people.

* I warrant it in the following cases; Gout, Rheumatism, Infianations, which proceeds from the stomach, Scrofula Sores, Dyspepsia, long standing cases of Ague and Fever; first stop the chill, and then give the Tine are - the difficulty in this case is not in stopping the chill, but the return of it, this the Tincture wil ertainly do. In general debiliations, I warrant it and as I said before, I have procured a trial of it is this way, which otherwise I could not; the people have been humbugged by patent medicines so long, that they are afraid of all. This is clearly a stemach medicine, it works all its wonders there, and in all such cases it is a specific, if anything in the world

Having given the Tincture a fair trial with my self, in my family neighborhood, I think I am war canted in what I say about it, and which I do with out any other interest than the wish to see it in general circulation, and in every man's family, just where it ought to be.

If what I say be doubted by any of the afflicted, and they will write to me at Sandy Bottom Post Of fice, Middlesex county, Va., stating the nature of the disease, and I recommend it for such a case I will warrant it, and if it don't do good, I will pay for the
